ABOUT ME!

Michael is a self-taught JavaScript developer

LITTLE ABOUT ME!

I get a kick out of demystifying and enhancing complex situations. You may find me coding in whatever language I can get my hands on, from JavaScript to REACT.JS to PHP and jQuery to develop unique mobile and desktop-like apps. The subject matter fascinates me. The gym or cycling are where I go when I'm not coding or reading. Finding a job that will let me combine my programming and business expertise in service of a company's objectives is my aim for today. ***I'm currently studying Flutter.**

EXPERIENCE

11/04/2022– Present-Node.js Backend Engineer Volunteering position, I have volunteered as a **Backend Developer** at United State of Africa.

Duties: Building reusable code and libraries for future use
Design and implementation of data storage solutions
Integrating of user-facing elements developed by a front-end developer with server-side logic

03/06/2022-13/06/2022–Ministry of Public Service, Gender, Senior Citizens Affairs and Special Programmes I worked as a Data Collection **Supervisor** for the State Department of Social Protection, Senior Citizens Affairs, and Special Programmes in Meru South Region, Tharaka Nithi County.

02/2021– Present -Web Developing- I've also handled initiatives such as **Real-Time Chat Applications and Portfolios.**

2021 – Internship-Finance and IT departments- Working as an intern at MERU DAIRY CO-OPERATIVE UNION in Nairobi, Kenya, for more than three months has allowed me to strengthen my teamwork and customer service abilities. My supervisor recognized me as the top intern student. The tasks included utilizing Microsoft Dynamics 365 2012 to validate invoiced data and an Excel spreadsheet to create financial reports.

2018-2021 – Summer Jobs Sales - I volunteered for six months as a researcher developer at the Jielimishe Non-Governmental Organization.
